Welcome to **GOOD NEWS PRIMARY SCHOOL**

Dear Parents and Guardians

Good News Primary School is a cradle of global leadership that nurtures strong hearts in all students and lifts them up to discover their dreams. Just as stars gleam through the darkness, the students of Good News Primary School will become the stars that shine throughout the world.

We would like to introduce Mind Education, Creative Education, Advanced Music, Art Class and other various activities on top of the regular curriculum. It will develop sound mindset, creativity and thinking ability as well as intelligence for our little stars.

The students who learn the world of the heart with knowledge will succeed in their academic and life journey. We are sure that they will lead the next generation.

We welcome you all to the feast of stars that will brighten the world with Good News Primary School!
Sincerely,

**GOOD NEWS PRIMARY SCHOOL
MANAGEMENT TEAM**

Good News Primary School nurtures the future leaders who have strong minds and global insights. Just as stars gleam through the darkness, the students from Good News Primary will become bright stars that shine the world.

Parent-Teacher Association

It will be formed to facilitate parental participation in school. The unity of students – teachers – parents are very important to foster a supportive network, promote school spirit and strengthen the overall school culture. We will have collaborative projects and family-oriented activities that bring people together for the development of our students and school as well.

Good News Primary Students who will shine the world like stars are supported by parents and teachers.

MISSION

To provide innovative education for our learners to possess sound minds and ability to achieve their dream.

Students learn to develop their ability to think in a different way and find various solution to a problem.

It ushers in new, world-changing ideas.

The ability of self-control, it is the safety device to fulfill our dream.

Developing heart-to-heart communication to help us overcome obstacles in lives.

VISION

To nurtur the future leaders who have strong minds and global insight.
